Product name:	Product code:
Capacitive Load	EEF0003

Description

Capacitive Load

Technical specification

Capacitive Load Manufacturer
Features:-

1 Phase capacitors load ISI marked of suitable raiting.
Connected instar with safe discharging resistors.
Variable steps with the help of rotary switches in steps of 1 amp approx.
Housed in trolley typed M.S. Box with powder coated.
Ammeter and voltmeter are used to study the current and voltage at different loads.

Rating available :

5A/10A/15A both is single and three phase
