Product name:	Product code:
Vertical Deep Freezer Minus 40 Deg C 300 Litre	CMI-NP-0035

Description

An upright 300 litre deep freezer reaching minus 40 deg C with multiple drawers, used for storing biological samples, reagents, plasma and vaccines in laboratories and hospitals.

Technical specification

Power supply	230 V AC, 50 Hz

Standard Accessories

- Shelves
- Lock and keys

Foamed insulation and a hermetic compressor hold low temperatures steadily. Adjustable shelves and a lockable door make sorting and secure storage easier.
