NAUGRA®

Product name:	Product code:
Flame Photometer with Silent Air Compressor	CMI-NP-0064

Description

A flame photometer supplied with a quiet oil free air compressor and gas regulator, so it is ready for installation in clinical and agricultural testing laboratories.

Technical specification

Power supply	230 V AC, 50 Hz

Standard Accessories

- Air compressor
- LPG regulator
- Tubing set

The compressor supplies steady air for the nebuliser and burner. This setup gives stable flame readings for sodium, potassium and lithium measurement.
