Product name:	Product code:
Forced Air Hot Air Universal Oven Digital	CMI-NP-0088

Description

A hot air universal oven with a fan for forced air circulation, giving better temperature uniformity than natural convection ovens for sample drying and sterilisation.

Technical specification

Power supply	230 V AC, 50 Hz

Standard Accessories

- Shelves (3 nos.)

The fan moves hot air around the chamber and reduces temperature variation between shelves. It is used for moisture determination and accelerated ageing tests.

Features

NAUGRA®
