Product name:	Product code:
Double Burner Laboratory Hot Plate	CMI-NP-0093

Description

A double burner hot plate with two independent heating zones and regulators, for heating two beakers at different temperatures in chemistry and sample digestion work.

Technical specification

Power supply	230 V AC, 50 Hz

Standard Accessories

- Power cord

Each plate has a separate energy regulator so one can be used for boiling and the other for gentle warming. The rugged build suits teaching laboratories.

Features
