

Product name:
Dual Discussion Digital Stereo Microscope

Product code:
CIVIL-HMC-162-0005

Description

Dual Discussion Digital Stereo Microscope

Technical specification

Special large working area stand

Coarse focusing system with tension adjustment

Discussion system, you are able to train, share and consult without the need to neither change location nor transport the specimen. This system facilitates dual discussion through the use of an optical bridge from the main body, which is mounted on a specialized large surface stand, to the observation head.
