Product name:	Product code:
Peltier Cooled Laboratory Incubator	CMI-NP-0106

Description

A Peltier cooled and heated laboratory incubator operating below and above ambient, without compressor or vibration, for sensitive cultures and enzyme reactions.

Technical specification

Power supply	230 V AC, 50 Hz

Standard Accessories

- Shelves (2 nos.)

Peltier modules heat and cool the chamber silently. The incubator keeps temperature precisely from 5 to 60 deg C, suitable for cell cultures, enzyme tests and stability work.

Features
