Product name:	Product code:
Ductless Fume Hood with Carbon Filter	CMI-NP-0121

Description

A ductless fume hood with activated carbon filter and blower that treats and recirculates air, used where external ducting is not possible in schools and small labs.

Technical specification

Power supply	230 V AC, 50 Hz

Standard Accessories

- Carbon filters
- Pre-filter

Contaminated air passes through carbon filters, which adsorb many organic vapours, before returning to the room. It is used for light chemical work such as weighing and dispensing.

Features

NAUGRA®
