NAUGRA®

Product name:	Product code:
Pressure Decay Leak Tester Digital	CMI-NP-0132

Description

A digital pressure decay leak tester that fills a part or package with air and monitors pressure loss over a set time, giving a pass or fail leak result.

Technical specification

Power supply	230 V AC, 50 Hz

Standard Accessories

- Test fixtures
- Air tubing

It is used for testing sealed packages, valves and small components without water. The digital readout makes the test objective and quick.

Features

NAUGRA®

- Digital pressure sensor
- Preset pass and fail limit
- Programmable test time
- Compressed air connection

Technical Specifications

Test pressure	0 to 100 kPa
Resolution	0.01 kPa
Test time	1 to 999 seconds
Accuracy	+/- 0.5 percent of full scale
Display	LCD
Air supply	4 to 6 bar
