Product name:	Product code:
Digital Magnetic Stirrer with Hot Plate 5 Litre	CMI-NP-0134

Description

A digital magnetic stirrer with heating plate up to 300 deg C for dissolving and heating solutions at once, used in general chemistry and biology laboratories.

Technical specification

Power supply	230 V AC, 50 Hz

Standard Accessories

- Stirring bar
- Temperature probe

The ceramic coated aluminium plate heats and stirs at the same time. Separate digital controls for temperature and speed give reproducible conditions.

Features

- Digital temperature and speed display
- Ceramic coated top
- Over-temperature cut-off
- Temperature probe connection

Technical Specifications

Capacity	5 litres
Plate size	180 mm diameter
Temperature range	Ambient to 300 deg C
Speed range	100 to 1500 rpm
Plate	Ceramic coated aluminium
Heater	500 W
