Product name:	Product code:
Pin Type Wood Moisture Meter	CMI-NP-0144

Description

A handheld pin type moisture meter for wood and building materials, measuring moisture content of timber by electrical resistance between two sharp pins.

Technical specification

Weight	Approx. 150 g

Standard Accessories

- Pin set
- Battery

The pins are pressed into wood and the digital display shows percent moisture with species correction. It helps carpenters and civil laboratories check timber seasoning.
