

Product name:
Millisecond Timer

Product code:
CIVIL-FOC-114-0032

Description

Millisecond Timer

Technical specification

The start/stop switches can be either mechanical or electronic.

The timer is auto-ranging for ease of use and has a clear 13mm digital display and has a robust metal case with a durable powder coat finish.

This timer is most suited for an investigational approach for students to gain a sound understanding of the concepts of time and motion.

Two pairs of sockets alternately start and stop the timer, one pair operating in make mode, the other in break mode.

An illuminated on/off switch is mounted on the rear panel adjacent to a fused appliance inlet.

Ranges: 0 to 9.999s; 10 to 99.99s; 100 to 999.9s; 1000 to 9999s

Electrical Supply: 220-240V AC 50-60Hz

Mass: 1.6kg

Accuracy: $\pm 0.01\%$

Dimensions (W x L x H): 179 x 190 x 85mm
