NAUGRA®

Product name:	Product code:
Refrigerated Orbital Shaking Incubator 150 Litre	CMI-NP-0167

Description

A refrigerated orbital shaking incubator that combines cooling, heating and orbital shaking for bacterial and yeast cultures, enzyme studies and fermentation at 4 to 60 deg C.

Technical specification

Power supply	230 V AC, 50 Hz

Standard Accessories

- Flask clamps
- Platform

The orbital platform shakes flasks at set speed while the chamber is held at the set temperature. It is used in biotechnology and microbiology laboratories for growth studies.

Features

NAUGRA®
Civil Laboratory Equipment Manufacturers and Suppliers India Civil Lab Exportrs India

- Cooling and heating
- Orbital shaking platform
- Digital temperature and speed control
- Stainless steel chamber

Technical Specifications

Capacity	150 litres
Temperature range	4 to 60 deg C
Speed	30 to 300 rpm
Orbit	25 mm
Platform	SS, 450 x 400 mm
Control	Microprocessor
