

Product name:
Linear Air Track Kit Full Length

Product code:
CIVIL-FOC-114-0042

Description

Linear Air Track Kit Full Length

Technical specification

The length is drilled with holes, such that when attached to a blower a near-frictionless surface is created.

A precision machined, 2 metre linear air track, of lightweight yet durable aluminum extrusion construction.

The track rests on three adjustable feet, so it can be made perfectly horizontal with respect to gravity.

The kit includes a set of accessories for wide range of investigations:

2 photogate arms

1 latching cradle/bumper

2 sliders

10 bolt and wing nuts

4 spring attachments

4 spring/string attachments

2 pulleys, 2 strings

4 slotted masses & hanger

8 photogate flags

4 springs

2 Velcro attachments

4 masses for the sliders

Assembly instructions & experiment guide
