Product name:	Product code:
Automatic Pipette Washer Siphon Type	CMI-NP-0187

Description

An automatic siphon type pipette washer that rinses used pipettes with a continuous flow of water, saving time and breakage in busy chemistry and clinical laboratories.

Technical specification

Colour	White

Standard Accessories

- Basket
- Inlet hose

Pipettes are placed in a basket inside a tall tank, and water siphons in and out automatically. The cycle rinses the full length of the pipette.
