Product name:	Product code:
Single Soxhlet Extractor Glass Assembly 250 ml	CMI-NP-0213

Description

A single Soxhlet extractor glass set with flask, extractor and condenser for demonstration and small scale solvent extraction in teaching laboratories.

Technical specification

Stand	Rod with clamps

Standard Accessories

- Clamps
- Thimbles

The solvent evaporates, condenses and drips into the thimble before siphoning back to the flask. It is the classical assembly used to extract fats and natural products.
