NAUGRA®

Product name:	Product code:
Cordless Magnetic Drill Machine	CMI-NP-0662

Description

Cordless Magnetic Drill Machine is a battery-powered magnetic drilling machine for work where mains supply is not available, designed for drilling holes in steel structures, bridges and towers at remote sites.

Technical specification

Weight	approx. 10 kg

The Cordless Magnetic Drill Machine is a battery-powered magnetic drilling machine for work where mains supply is not available. It is built for drilling holes in steel structures, bridges and towers at remote sites.

Features

NAUGRA®

- Li-ion battery with charger
- Compact lightweight body
- Magnet holding force indicator
- Brushless motor for longer run time

Technical Specifications

Cutter capacity	up to 28 mm dia
Battery	36 V Li-ion
Speed	600 rpm
Magnet force	approx. 10000 N
Charger input	230 V AC, 50 Hz
Holes per charge	approx. 40 (12 mm plate)
