

Product name:
Pocket Magnifier

Product code:
CIVIL-OPT-113-0043

Description

Pocket Magnifier

Technical specification

Material: Plastic; Color: Clear; Total length: about 9cm/3.5inch; Mirror diameter: about 4cm/1.6inch; Handle length: about 5cm/2inch.

Each miniature magnifying glass contains a small hole at the tip of the handle for easy diy necklaces. A fun crafting activity for those that want their zoom tool to be with them at all times.

This magnifying glass is a great tool for kids to pretend and play detectives and scientists, providing a fun way for kids to be good educational toys. Great for studying different rocks, fossils, bugs, insects and leaves, etc.

Mini plastic handheld magnifying glasses can be used for fun party favors and game prizes. Perfect for children birthday party, holiday, gift, bag filler, class rewards, fair or carnival prizes, goody bags, and playtime activities.
