Product name:	Product code:
Motor Starter Training Board	CMI-NP-0981

Description

A motor starter training board with relays, timers and overload devices for wiring and testing direct on line, star delta and auto transformer starters.

Technical specification

Supply	415 V AC
Frame	Aluminium profile
Experiments	10 or more
Power supply	230 V AC, 50 Hz

It gives hands on practice with starter circuits used in industry with safety protection and a drive motor.

Features

NAUGRA®
Civil Laboratory Equipment Manufacturers and Suppliers India Civil Lab Exportrs India

- Starter component panel
- Overload and short circuit protection
- Timer and relay logic
- Wiring on safety sockets
- Circuit diagrams on panel
- Motor included

Technical Specifications

Starters	DOL, star delta, auto transformer
Relay	230 V coil
Timer	0 to 60 s
Overload	0.5 to 2.5 A
Motor	0.37 kW, 3 phase
