

Product name:
Spectrum Tube Power Supply

Product code:
CIVIL-OPT-113-0048

Description

Spectrum Tube Power Supply

Technical specification

A black panel behind the tube eliminates distracting ambient light and protects the tube from breakage. Specially designed box holds the tube firmly and prevents the student from touching the electrodes. Operates on 220V A/C at 50Hz and is suitable for 26 cm tubes. Specifications: Tube Length: 26cm Power: 220V A/C at 50Hz
