Product name:	Product code:
Electro Hydraulic Press Circuit Model	CMI-NP-1065

Description

A working model of a hydraulic press with electrical control for demonstrating press cycle, pressure holding and safety interlocks.

Technical specification

Valve	4/2 solenoid
Frame	Steel
Experiments	Press cycle and safety
Power supply	230 V AC, 50 Hz

A small hydraulic ram simulates pressing while students study control, pressure holding and two hand safety circuits.

Features

NAUGRA®
Civil Laboratory Equipment Manufacturers and Suppliers India Civil Lab Exportrs India

- Hydraulic ram with frame
- Pressure gauge for holding
- Two hand safety control
- Emergency stop
- Press travel limits
- Power pack

Technical Specifications

Press force	up to 5 kN
Stroke	100 mm
Pressure	60 bar
Control	Relay or PLC
Safety	Two hand and stop
