NAUGRA®

| Product name: | Product code: |
| --- | --- |
| Motor Speed Control Automatic Training System | CMI-NP-1157 |

## Description

System with DC motor, tacho generator and controller to teach open and closed loop speed control and PID tuning in industrial control courses. Key highlights include open and closed loop modes and tacho feedback.

## Technical specification

| | |
|---|---|
| Brake | Magnetic |
| Display | Digital rpm |
| Panel | 600 x 400 mm |

**Standard Accessories**

- Patch cords
- Manual

System with DC motor, tacho generator and controller to teach open and closed loop speed control and PID tuning in industrial control courses. Key highlights include open and closed loop modes and tacho feedback.

**Features**

- Open and closed loop modes
- Tacho feedback
- PID tuning
- Load disturbance by brake
- Step response measurement

**Technical Specifications**

| | |
|---|---|
| Supply | 230 V AC, 50 Hz, single phase |
| Motor | 24 V DC, 100 W |
| Tacho | 3 V/1000 rpm |
| Speed | 0-3000 rpm |
| Controller | Analog PID |
