Product name:	Product code:
Tank Level Control with PID Training Rig	CMI-NP-1209

Description

Rig with a transparent tank, pump and level transmitter to learn proportional, integral and derivative control of liquid level and observe the response. Key highlights include transparent level tank and level transmitter 4-20 mA.

Technical specification

Controller	Digital PID
Dimensions	800 x 600 x 1400 mm

Standard Accessories

- Interconnection leads
- Manual

Rig with a transparent tank, pump and level transmitter to learn proportional, integral and derivative control of liquid level and observe the response. Key highlights include transparent level tank and level transmitter 4-20 mA.

Features

- Transparent level tank
- Level transmitter 4-20 mA
- PID controller with tuning
- Pump and control valve
- Trend recorder

Technical Specifications

Supply	230 V AC, 50 Hz, single phase
Tank	20 L acrylic
Level	0-500 mm
Transmitter	4-20 mA
Pump	0.25 kW
