NAUGRA®

Product name:	Product code:
Power Factor Correction and Capacitor Bank Simulation Trainer	CMI-NP-1215

Description

Trainer with a variable inductive load, capacitor bank and automatic power factor controller to demonstrate reactive power compensation at low voltage. Key highlights include variable inductive load and capacitor steps.

Technical specification

Meter	Multifunction
Protection	MCB
Panel	800 x 600 mm

Standard Accessories

- Test leads
- Manual

Trainer with a variable inductive load, capacitor bank and automatic power factor controller to demonstrate reactive power compensation at low voltage. Key highlights include variable inductive load and capacitor steps.

Features

NAUGRA®
Civil Laboratory Equipment Manufacturers and Suppliers India Civil Lab Exportrs India

- Variable inductive load
- Capacitor steps
- APFC relay
- kVAr and PF meter
- Contactor switching

Technical Specifications

Supply	415 V AC, 3 phase
Load	Inductive, 0-2 kW
Capacitors	4 steps, 0.5 kVAr
APFC	4 step
