Product name:	Product code:
PLC Analog Process Control Training Kit	CMI-NP-1397

Description

PLC Analog Process Control Training Kit is a training kit designed for learning analog input handling, scaling and PID control with a PLC.

Technical specification

Display	HMI
Supply	230 V AC, 50 Hz

Standard Accessories

- Sensors
- Software
- Manual

The PLC Analog Process Control Training Kit is a training kit built for learning analog input handling, scaling and PID control with a PLC.

Features

NAUGRA®
Civil Laboratory Equipment Manufacturers and Suppliers India Civil Lab Exportrs India
Email us at: export@civilmechanicalindia.com

- Temperature and level process simulation
- PLC with analog modules
- PID function blocks
- Trend display
- Safe 24 V design

Technical Specifications

PLC	16 I/O with analog modules
Analog Inputs	4 to 20 mA
Analog Outputs	0 to 10 V
Process	temperature and level
Controller	PID
