NAUGRA®

Product name:	Product code:
Universal Knee Type Milling Machine	CMI-NP-1534

Description

Universal Knee Type Milling Machine is a knee-type milling machine with swivel table and horizontal and vertical spindles for general machining. It is used for performing slotting, face milling, gear cutting and drilling operations in workshops.

Technical specification

Spindle Speeds	60 to 1500 rpm
Motor	3 hp, 415 V three phase
Machine Weight	Approx. 1100 kg
Feed Range	22 to 600 mm/min

Universal Knee Type Milling Machine is a knee-type milling machine with swivel table and horizontal and vertical spindles for general machining. It is designed for performing slotting, face milling, gear cutting and drilling operations in workshops. Key highlights include horizontal and vertical milling heads, table swivel for helical milling and power feed on all three axes.

Features

- Horizontal and vertical milling heads
- Table swivel for helical milling
- Power feed on all three axes
- Gear box with 8 to 12 spindle speeds
- Built-in coolant pump

Technical Specifications

Table Size	1000 x 250 mm
Longitudinal Travel	550 mm
Spindle Taper	ISO 40
