Product name:	Product code:
Vocational Wood Lathe	CMI-NP-1660

Description

Vocational Wood Lathe is a lathe for turning wood. It is used for teaching wood turning.

Technical specification

Vocational Wood Lathe is a lathe for turning wood. It is designed for teaching wood turning. Key highlights include variable speed, tool rest and tailstock.

Features

- Variable speed control
- Tool rest
- Integrated tailstock for reliable use
- Integrated faceplate for reliable use
- Integrated bed for reliable use

Technical Specifications

Swing	300 mm
Bed	900 mm
Speeds	500 to 3000 rpm
Motor	1 hp
Spindle	M33
Power Supply	230 V AC, 50 Hz, single phase
