| Formaldehyde Fumigation Cabinet | CMI-NP-0081 |

## Description

A sealed stainless steel fumigation cabinet with formaldehyde vaporiser and exhaust for disinfecting instruments, glassware and small items in microbiology and animal houses.

## Technical specification

| | |
|---|---|
| Power supply | 230 V AC, 50 Hz |

**Standard Accessories**

- Shelves (3 nos.)
- Formalin tray

Formalin is heated inside the closed cabinet and vapour sterilises items placed on shelves. Afterwards, an exhaust blower removes the fumes safely.
