Product name:	Product code:
Round Cast Iron Hot Plate 200 mm	CMI-NP-0095

Description

A round hot plate with 200 mm cast iron top and variable heat control, used for heating beakers and flasks in chemistry laboratories.

Technical specification

Power supply	230 V AC, 50 Hz

Standard Accessories

- Power cord

The sturdy plate heats up to 350 deg C and distributes heat across the beaker base. An energy regulator allows adjustment from low to high heat.

Features

NAUGRA®
