Product name:	Product code:
Paraffin Section Drying Hot Plate Stainless Steel	CMI-NP-0098

Description

A stainless steel hot plate with preset temperature for drying and melting paraffin sections on slides and tissue blocks during histology slide preparation.

Technical specification

Power supply	230 V AC, 50 Hz

Standard Accessories

- Slide holder

The stainless top stays flat and corrosion free and heats to 70 deg C quickly. It helps melt paraffin for slide mounting and staining preparations.

Features
