Product name:	Product code:
Kjeldahl Fume Extraction Manifold Unit	CMI-NP-0115

Description

A fume extraction manifold with tube caps and a water aspirator or scrubber for removing acid fumes during Kjeldahl digestion and other acid digestions.

Technical specification

Packing	Carton

Standard Accessories

- Aspirator
- Silicone tubing

The manifold fits over digestion tubes and draws vapours into a scrubber. It protects workers from corrosive fumes and the lab from acid damage.

Features
