Product name:	Product code:
Top Loading Muffle Furnace Lift Up Lid	CMI-NP-0163

Description

A top loading furnace with lift-up lid for placing crucibles and moulds easily, used in foundry and civil laboratories for heating samples up to 1100 deg C.

Technical specification

Power supply	230 V AC, 50 Hz

Standard Accessories

- Crucible tongs

Samples are lowered from above into the hot chamber. This design wastes less heat and suits tall crucibles and heavy sample moulds.

Features

NAUGRA®
