Product name:	Product code:
Flow Loop Process Control Trainer with Control Valve	CMI-NP-1944

Description

Flow Loop Process Control Trainer with Control Valve is a trainer for flow measurement and control with a control valve.

Technical specification

- Tubes
- Manual
- Cables

The Flow Loop Process Control Trainer with Control Valve is a trainer for flow measurement and control with a control valve. It is designed for studying the control of temperature, flow, level and pressure variables in process industries.
