Product name:	Product code:
Multi Loop Process Control Training System	CMI-NP-1947

Description

Multi Loop Process Control Training System is a trainer with four loops of temperature, flow, level and pressure.

Technical specification

- Tubes
- Manual
- Cables

The Multi Loop Process Control Training System is a trainer with four loops of temperature, flow, level and pressure. It is designed for studying the control of temperature, flow, level and pressure variables in process industries.
