NAUGRA®

Product name:	Product code:
Laboratory Tray Dryer 24 Tray	CMI-NP-0230

Description

A hot air cabinet dryer with 24 stainless steel trays for drying powders, granules, herbs and chemical samples in batches. Used in pharmacy, food and chemical laboratories for controlled low temperature drying.

Technical specification

Heater	4 kW
Material	SS 304 inside, MS powder coated outside
Supply	415 V AC 3 phase 50 Hz

Standard Accessories

- Set of SS trays
- Trolley

The cabinet has an insulated double wall and a fan that circulates heated air evenly across all trays. A digital controller holds the set temperature. It suits batch drying in teaching and pilot labs.
