Product name:	Product code:
pH Process Control Training System	CMI-NP-1952

Description

pH Process Control Training System is a trainer for pH monitoring and neutralisation control.

Technical specification

- Tubes
- Manual
- Cables

The pH Process Control Training System is a trainer for pH monitoring and neutralisation control. It is designed for studying the control of temperature, flow, level and pressure variables in process industries.

Features

NAUGRA®

Civil Laboratory Equipment Manufacturers and Suppliers India Civil Lab Exportrs India

- Floor standing frame with trolley wheels
- Multi-variable process rig
- PID tuning and loop experiments
- Industrial transmitters and control valves

Technical Specifications

pH range	0 - 14
Dosing pumps	2
Tank	10 L
Supply	230 V AC, 50 Hz, single phase
Signals	4 - 20 mA
Controller	PID, programmable

Standard Accessories
