Product name:	Product code:
Motor Generator Control Panel	CMI-NP-0254

Description

A central control panel with starter, meters and protection for operating a motor generator set in the electrical machines lab. Used for supplying and controlling machines in practical sessions.

Technical specification

Rheostat	Field rheostats 2 nos
Frame	MS powder coated
Dimensions	Approx. 1200 x 500 x 1800 mm

Standard Accessories

- Patch cords
- Manual

The panel brings together the supply, starter, MCCB, meters and field control. It simplifies and safeguards connection of the machines.

Features
