Product name:
Motorised Digital Rockwell Hardness Tester

Product code:
CMI-NP-0257

Description

A bench Rockwell tester with digital readout of hardness in HRA, HRB and HRC scales. Used for quality control of steels and metals in workshops and labs.

Technical specification

Resolution	0.1 HR
Standard	IS 1586, ASTM E18
Supply	230 V AC 50 Hz

Standard Accessories

- Diamond indenter
- Steel ball indenter
- Test blocks
- Anvils

The tester applies a minor and a major load through an indenter and the depth difference gives the hardness number on a digital display. Key specifications include scales of HRA, HRB, HRC and others and minor load of 98.07 N.

Features

- Digital hardness display
- Multiple Rockwell scales
- Automatic load application
- Sturdy cast frame
- Accurate depth measurement

Technical Specifications

Scales	HRA, HRB, HRC and others
Minor load	98.07 N
Total loads	588.4, 980.7, 1471 N
Maximum specimen height	170 mm
Throat depth	135 mm
