Product name:	Product code:
Burette With PTFE Stopcock	CMI-NP-0295

Description

A graduated glass tube with a PTFE stopcock for delivering liquid in titration. Used in analytical chemistry labs. Features include class A burette, PTFE key stopcock and fine graduations.

Technical specification

Standard	ISO 385
Colour	Blue line or amber

Standard Accessories

- Funnel
- Burette clamp

The tube has fine graduations and a stopcock for controlled drip delivery. The PTFE key needs no grease.

Features

- Class A burette
- PTFE key stopcock
- Fine graduations
- Borosilicate glass
- Straight bore
