NAUGRA®

Product name:	Product code:
Concrete Mixer 10 7 cft Hopper Type	CMI-NP-0342

Description

A half bag concrete mixer with a hydraulic hopper for loading, used on construction sites for mixing concrete batches. Suitable for small buildings and road works.

Technical specification

Output	Approx. 3 to 4 cum per hour
Chassis	MS with leaf springs
Weight	Approx. 650 kg

Standard Accessories

- Wheel set
- Spare blades

Material is loaded in a ground level hopper and lifted into the drum by a winch or hydraulic. The drum then mixes the batch and discharges by tilting.
