Product name:	Product code:
Concrete Mixer 7 cft Tilting Drum	CMI-NP-0343

Description

A tilting drum concrete mixer of 7 cubic feet capacity for mixing concrete on small sites and in labs. Used for batch mixing of M20 and M25 concrete with a petrol, diesel or electric drive.

Technical specification

Frame	MS channel
Wheels	Pneumatic
Supply	415 V AC 3 phase 50 Hz

Standard Accessories

- Spare blades
- Wheel set

The steel drum rotates on a stand and tilts by a hand wheel to discharge the mix. Replaceable blades inside the drum give thorough mixing. It is a standard small site mixer.
