Product name:	Product code:
Concrete Mixer With Weigh Hopper 10 7 cft	CMI-NP-0345

Description

A 10/7 cft mixer with a weigh hopper to measure aggregate in the batch. Used on sites that need accurate mix proportions. Features include weigh hopper with dial scale, hydraulic lifting of hopper and drum with fixed blades.

Technical specification

Discharge	Tilting
Drum speed	18 rpm
Weight	Approx. 800 kg

Standard Accessories

- Water meter
- Spare blades

Aggregates are weighed in the hopper before being lifted into the drum. A dial scale shows the weight for correct water cement ratios.
