| Half Bag Concrete Mixer With Diesel Engine | CMI-NP-0441 |

## Description

Portable tilting drum concrete mixer of half bag capacity driven by an air cooled diesel engine. Used at construction training sites and field laboratories without mains power for preparing trial concrete batches.

## Technical specification

| | |
|---|---|
| Charging | Manual, tilting hand wheel |
| Wheels | Two pneumatic tyres |
| Weight approx. | 320 kg |

**Standard Accessories**

- Operating manual
- Set of basic tools

Half Bag Concrete Mixer With Diesel Engine is built for engineering colleges, polytechnics, ITIs and technical training workshops. Portable tilting drum concrete mixer of half bag capacity driven by an air cooled diesel engine.

**Features**

NAUGRA®
