NAUGRA®

Product name:	Product code:
Fly Ash Brick Making Machine	CMI-NP-0492

Description

Press machine for fly ash, sand and cement bricks. Used in demonstration labs for low cost building material production. Main ratings: brick size 230 x 110 x 75 mm, output 2000 bricks per hour, press Hydraulic 40 tonne.

Technical specification

Moulds	4 cavity
Weight approx.	2500 kg
Pallet	Steel

Standard Accessories

- Operating manual
- Set of basic tools

Fly Ash Brick Making Machine is built for engineering colleges, polytechnics, ITIs and technical training workshops. Press machine for fly ash, sand and cement bricks.
