Product name:	Product code:
Cyclone Dust Collector	CMI-NP-0541

Description

Cyclone type collector that separates dust to a drum before air reaches filter. Used in carpentry workshops for reduced filter clogging. Main ratings: airflow 1800 m3/h, motor 2 HP, 415 V AC, inlet 150 mm.

Technical specification

Efficiency	99%
Static pressure	150 mm WG
Weight approx.	110 kg

Standard Accessories

- Operating manual
- Set of basic tools

Cyclone Dust Collector is built for engineering colleges, polytechnics, ITIs and technical training workshops. Cyclone type collector that separates dust to a drum before air reaches filter.
