NAUGRA®

Product name:	Product code:
Portable Spot Welding Machine 5 kVA	CMI-NP-0588

Description

Hand lever operated resistance spot welder for joining thin steel sheets. Used in workshops to teach spot welding of body panels and sheet fabrications. Main ratings: rating 5 kVA, input 230 V AC, 50 Hz, throat depth 300 mm.

Technical specification

Timer	Electronic
Electrodes	Copper alloy
Weight approx.	45 kg

Standard Accessories

- Operating manual
- Set of basic tools

Portable Spot Welding Machine 5 kVA is built for engineering colleges, polytechnics, ITIs and technical training workshops. Hand lever operated resistance spot welder for joining thin steel sheets.

Features

- Hand lever clamping
- Electronic weld timer
- Replaceable copper electrodes
- Portable
- Overload protection

Technical Specifications

Rating	5 kVA
Input	230 V AC, 50 Hz
Throat depth	300 mm
Weld capacity	2 x 1.5 mm MS
Duty cycle	50%
