Product name:	Product code:
Portable Spot Welding Machine With Water Cooling	CMI-NP-0589

Description

Spot welder with water cooled electrodes for longer continuous duty. Used where many spot welds are made in training exercises. Main ratings: rating 8 kVA, input 415 V AC, throat depth 350 mm.

Technical specification

Timer	Digital
Duty cycle	60%
Weight approx.	75 kg

Standard Accessories

- Operating manual
- Set of basic tools

Portable Spot Welding Machine With Water Cooling is built for engineering colleges, polytechnics, ITIs and technical training workshops. Spot welder with water cooled electrodes for longer continuous duty.

Features

- Water cooled electrodes
- Digital timer
- Higher duty
- Deep throat
- Strong arms

Technical Specifications

Rating	8 kVA
Input	415 V AC
Throat depth	350 mm
Weld capacity	2 x 2 mm
Cooling	Water
