Product name:	Product code:
Heavy Duty Core Drilling Machine	CMI-NP-0601

Description

Rig mounted core drill with diamond bit for cutting concrete cores for compressive test. Used in concrete labs to take samples. Main ratings: core diameter 50 to 150 mm, motor 2000 W, 230 V AC, speed 3 steps.

Technical specification

Chuck	1.25 inch UNC
Depth	300 mm
Weight approx.	35 kg

Standard Accessories

- Operating manual
- Set of basic tools

Heavy Duty Core Drilling Machine is built for engineering colleges, polytechnics, ITIs and technical training workshops. Rig mounted core drill with diamond bit for cutting concrete cores for compressive test.

Features
