Product name:	Product code:
Hex Nipple Threading Machine With Bar Feeder	CMI-NP-0610

Description

Threading machine with a pneumatic bar feeder that supplies hex bars automatically. Used in volume production labs for threaded nipples. Main ratings: bar size Hex 1/2 to 1 inch, motor 3 HP, 415 V AC, bar feeder Pneumatic.

Technical specification

Coolant	Pump
Output	400 pieces per hour
Weight approx.	950 kg

Standard Accessories

- Operating manual
- Set of basic tools

Hex Nipple Threading Machine With Bar Feeder is built for engineering colleges, polytechnics, ITIs and technical training workshops. Threading machine with a pneumatic bar feeder that supplies hex bars automatically.
