NAUGRA®

Product name:	Product code:
Longitudinal Seam Welding Machine	CMI-NP-0743

Description

Longitudinal Seam Welding Machine is a seam welder with long arm for longitudinal seams, designed for welding straight seams of cylinders and ducts. Key features include long horizontal arm and mandrel for tubes.

Technical specification

Cooling	Water

The Longitudinal Seam Welding Machine is a seam welder with long arm for longitudinal seams. It is built for welding straight seams of cylinders and ducts.

Features

- Long horizontal arm
- Mandrel for tubes
- Pneumatic clamping
- Digital controller

Technical Specifications

Rated power	75 kVA
Input	415 V AC, 3 phase, 50 Hz
Welding length	1000 mm
Sheet thickness	2 x 1.5 mm
Speed	1 to 4 m/min
Air pressure	6 bar
